Products

Bondo Fiberglass Resin

- Bondo Fiberglass Resin is the same high-strength polyester resin that is used to build most boats
- Can be used alone or with fiberglass tape
- Can be used on multiple surfaces including metal, fiberglass, concrete, wood and more
- Sandable in less than 2 hours
- 100% Waterproof
- Compatible with all paints, including gel coat and marine paints
- Use during Stage 2 of the 3M body repair system
- Available in a variety of sizes

Fiberglass Mat

- Bondo Fiberglass Mat is great for repairs on any surface, including metal, fiberglass, and wood
- When used with Bondo fiberglass resin, repairs are 100% waterproof which are ideal for tub, shower, sink, pool, hot tub, boat repairs and more
- Flexible mat allows for easy repairs to contoured surfaces
- Additional thickness provides structural reinforcement for a stronger repair when used with Bondo fiberglass resin
- Use during stage 2 of the 3M body repair system
- Size: 8 sq ft. (0.74 sq. m)

Bondo Glass

- Bondo Glass Reinforced Filler is twice as strong as regular body filler
- Half-inch, interlocking fiberglass strands create strength
- Capable of repairing small (**dime size or smaller**) rusted-out metal holes and shattered fiberglass body parts
- Covers small holes without the need for backing strips, cloth or mat
- Great for use on fiberglass, wood, metal, aluminum, SMC, masonry and compatible with all paint systems
- Sands in only 20 minutes and is 100% waterproof
- Includes cream hardener
- Use during Stage 2 of the 3M body repair system
- Available in a variety of sizes

Fixing Holes

- sand out an inch or so outwards
- sand in and around hole to give repair something to hold on to
- add tape on one side
- clean with acetone
- apply filler (Bondo Glass) for small holes and resin/hardener with fiberglass mat for larger holes.
