

Painting the Boler

Going to be repainting my trillium with interlux brightside as per recommended on fiberglassrv.com but I'm wondering what to do about a rock guard? Is there something I can "paint-on" for this as well? Pic in comment

For DIY paint jobs I recommend using the Roll & Tip method (again used on boats) using marine topside paint. I personally like Interlux Perfection, this is a premium quality 2 part top coat and it is available in Calgary at Industrial Paint and Plastics <http://goindustrial.ca/index.php/en/> they can tint the paint to almost any
